

# UAKARI + AMAZON EMOTION

SPECIAL PROGRAM

Welcome to a unique ecotourism adventure that will take you on a fascinating journey through the biomes of the upland and floodplain forest of the Amazon. This unique route starts at Uakari Lodge, where we will embark on an exciting river adventure, experiencing the biome of the flooded forest, an area of transition between the upland forest and the river water. In this unique environment, you will see partially submerged trees, aquatic animals, and birds flying over calm waters.

Uakari Lodge is a floating structure located in a channel of the Japurá River, in the Mamirauá Sustainable Development Reserve. Most of the tours are done by boat, allowing you to navigate through the rainforest and observe wildlife at the same height as the treetops during the flood season.

Amazon Emotions is the Refuge, which offers a wooden house suspended from the ground, in a stilt house style, equipped with 2 suites with a capacity of up to 8 people, panoramic bathroom, and balcony overlooking the treetops. Here, you will be completely surrounded by nature and can enjoy an authentic and peaceful atmosphere

Uakari LODGE

## UAKARI LODGE E AMAZON EMOTIONS

### DAY 1

The program starts with a flight from Manaus to Tefé, followed by a transfer to Uakari Lodge. After check-in and lunch, rest to prepare for the first tour: we can do an interpretive trail or boat ride, both designed for you to discover the natural wonders of the Amazon rainforest. Then, enjoy a delicious dinner before attending an institutional presentation about the region. This is a unique opportunity to connect with nature and learn more about the rich biodiversity of the Amazon.

### DAY 2

In the morning, visit a riverine community to learn about local culture and learn more about the traditions of the region. After lunch and a rest period, we can enjoy an interpretive trail or a canoe ride to further explore the natural beauty of the forest. In the evening, enjoy a delicious dinner before embarking on an exciting night tour, choosing between an interpretive trail or boat ride. Prepare for an unforgettable experience and connect with nature in its purest and most vibrant form.

### DAY 3

Start the day with an exciting hike or canoe ride through the Amazon rainforest, where you will have the opportunity to observe various species of animals and plants typical of the region. Then, return to the lodge to enjoy a delicious lunch and rest.

In the afternoon, get ready for a boat ride on Mamirauá Lake, one of the highlights of the region, where you can enjoy incredible views and spot various species of animals. On the return, take the opportunity to focus on nocturnal animals and see some of the most interesting species of the local fauna up close.

After dinner, the evening is free for you to relax and enjoy the peaceful and cozy atmosphere of the lodge.

## UAKARI LODGE E AMAZON EMOTIONS

### DAY 4

Start the day in a fun and cultural way by participating in a traditional piranha fishing in the morning. Learn from local guides the fishing technique of the region and taste the authentic flavor of fresh fish at lunch.

After lunch and some rest time, get ready for a hike or canoe ride through the Amazon rainforest, where you can connect even more with nature and spot unique species of local fauna and flora.

In the evening, enjoy a delicious dinner at the lodge and get ready for a meeting with an Institute Mamirauá researcher, who will share valuable information with you about the preservation of the region and the importance of sustainability in the Amazon. It will be a unique opportunity to learn more about the culture and nature of the region.

### DAY 5

Enjoy the last day of your stay at Uakari Lodge with a delicious breakfast at 5:30 am, before checking out. At 6:00 am, the transfer to Tefé will be ready to take you to the next destination: Amazon Emotions.

Upon arriving in Manaus, get ready for an adventure in the Land of Waterfalls region. You will have the opportunity to visit one of the most beautiful waterfalls in the region and dive into the refreshing river waters. Don't miss trying the true tapioca with nuts, a typical dish of the region.

After this exciting experience, it's time to check-in at Amazon Emotions. Take some free time to explore the surroundings of the lodge and discover the wonders of the Amazon rainforest on firm land. In the evening, get ready for a short walk. The Amazon rainforest is one of the richest ecosystems in biodiversity in the world, housing a vast variety of animals, from small and unique to large and majestic. The microcosm of fauna in the Amazon rainforest is simply impressive and fascinating, with countless species of birds, mammals, reptiles, amphibians, fish, and insects.

### **DAY 6**

The interpretive trail in the upland forest is a unique opportunity to get to know in detail the micro and macrocosm of the fauna and flora of the Amazon rainforest. During the walk, you will be guided by a local expert, who will introduce and explain the characteristics and importance of each species found.

After the trail, you can enjoy a delicious picnic in nature. Then it will be time to experience an unforgettable experience: camping in the forest. A camp will be set up with hammocks and adequate structure to ensure your comfort and safety during the night.

You will have the opportunity to listen to the nocturnal sounds of the forest and observe the stars. This is a unique and enriching experience for those who seek a deeper connection with nature and want to experience the Amazon rainforest in an authentic way.

### **DAY 7**

This morning, we will have a gastronomic activity with local ingredients, and in the afternoon, we will produce utensils using natural seeds and fibers. It will be an incredible experience for our visitors. You will learn about the food culture of indigenous peoples in the region and get involved in the preparation of typical dishes using ingredients such as cassava, acai, fish, and local fruits. The menu will depend on what is available during the season.

Furthermore, you will learn how to produce utensils such as baskets, mats, necklaces, and bracelets using natural seeds and fibers found in the forest. Visitors can learn about traditional craft techniques and create their own personalized pieces as a souvenir of the trip.

This activity is not only an educational and cultural experience but also promotes sustainability by encouraging the use of natural materials and the consumption of artisanal products instead of industrialized products that harm the environment.
